Deadline for manuscript  
submissions:

**30 September 2021**

### Message from the Guest Editors

The scope of this Special Issue is to provide a platform for researchers to share their ground-breaking work, in the form of conceptual and research articles, on the role of digital transformation in education and emerging educational technologies, innovation and research in a sustainable society, among other related issues. This Special Section will focus on (but not be limited to) the following topics:

- Teaching innovation in different academic fields
- Distance and blended higher education
- Emerging educational technologies (augmented reality, flipped classroom, intelligent learning environments, MOOCs, etc.)
- Bigdata and blockchain: data intelligence for the digital transformation of universities
- University students and digital culture
- University politics and governance in an interconnected and global society
- Strategies and support services for the digital transformation of universities
- Interuniversity networks for teaching and research
- Teaching and research professionalism in a liquid society
- Assessment of learning in technological contexts
- Gender and the digital transformation of the university

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

**Open Access:**—free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

**High visibility:** indexed by the [Science Citation Index Expanded](#) and [Social Sciences Citation Index](#) (Web of Science), as well as [Scopus](#) and [other databases](#).

**Rapid Publication:** manuscripts are peer-reviewed and a first decision provided to authors approximately 14.5 days after submission; acceptance to publication is undertaken in 2.9 days (median values for papers published in this journal in the first half of 2020).
